Declaration of Shelf Life Warranty for Monolithic Power Systems, Inc. – Information Only

To Whom it May Concern:

As part of its ongoing continuous improvement practices, Monolithic Power Systems, Inc. is pleased to declare that it warrants the shelf life of its analog IC devices for two (2) years based on production date code. Please see MPS International Ltd. Standard Terms and Conditions for other warranties applied to its products.

Should you have any questions regarding this declaration, please contact your local Sales Representative.

Sincerely

A handwritten signature in black ink, appearing to read 'Nevil Wu', with a horizontal line extending from the end of the signature.

Dr. Nevil Wu
